

Enrichment Team Spring News

The spring is always a busy time for enrichment at Martha Reid! We have a lot of enrichment sponsored events and shows.

PE: In PE during the spring, we get lots of outside time! It is great to remember that kids need to play, use energy, and learn more about how to keep their bodies fit. We have fun programs to keep us busy– Tumbling, Drum Fit, Cup Stacking, and Field Day! Keep an eye out for these fun events and try to think of how you and your family could do some of these activities at home too!

Art: We have a great time in the fall developing skills and now that it is spring we have lots of opportunities to show off our skills. We have lined the halls with a winter wonderland and now our focus is on our spring show. We are busy letting our creative juices flow and exploring art from all angles. So grab some paper, art supplies, and creativity and add some art to your home!

Music: Spring is filled with music; from the animals, nature and your student's voices! You might notice your student humming some new songs – and even some great oldies– in the back of the car this spring. We are preparing for our spring festival, awards assemblies, and 3rd, 2nd and 1st grade programs. So when you hear them singing one of your favorites or a new song that gets stuck in your head– join in! A family that sings together... makes beautiful noise together!

Technology: In the spring Technology gets fun! We get to venture out of the box learning word processing, spreadsheets, multimedia, and the internet. Students will get hands on as they work on key concepts they can use throughout their education and even work, along with some fun, innovative new technology. So let your kids show you some of their technology skills. They might even introduce you to some new things!

Library: Sunny days lends easily to getting lost in a good book under a shade tree. Students have the opportunity to check books in and out weekly. They are doing research and exploring new topics in the library each time they visit. What a great time of year to pick up a new book. We have an upcoming book fair you don't want to miss also!

Important Dates

January 6th– 80th day of school
