

# FOURTH GRADE #DREAM BIG COLLEGE & CAREER PROJECT

Dear Parents or Guardians,

During the 4<sup>th</sup> six weeks, your child will have an important project to complete.

At home, students will research a career and college of their choice. Your child will have the option to present their research on a display (science) board or create a media presentation. If your student chooses to create a media presentation, your child will be responsible for bringing a device (tablet, Ipad, or laptop) to present their research at Open House. The display board will contain the following:

Feel free to contact the chosen college to request information. Many colleges will send free flyers or pamphlets that your child can use in their project.

The students will be presenting in the cafeteria to parents and students who attend Open House on Tuesday, January 30<sup>th</sup>. We look forward to seeing the completed project. It is due on Monday, January 29<sup>th</sup>.

Thank you,

The Fourth Grade Team
