

February 11th – 15th

**3RD GRADE
NEWSLETTER**

Math:

Students will continue to solve multi-operational, multi-step word problems. Students will also review money.

ELA:

Students will continue to work on procedural text. Students will also continue to practice using transition words and homophones like, their, there, they're and to, too, two.

Science:

Students will review past taught concepts with game-like activities to prepare for the Science CBA.

Social Studies:

Students will study historical scientists such as, Louis Pasteur and Jonas Salk. Students will also research and learn about different historical figures for Black History Month.

Leader in Me:

Our class talked about barriers to synergy. Ask your child, "How are cliques a barrier to synergy?"
